[HAARP transmits Bitcoin, SSTV](#)

The assistant professor at the UAF's Geophysical Institute transmitted two UAF logos, a photo of his cat, and a QR code granting the recipient 0.001 Bitcoin.

[ARRL](#)

[RadioShack offers Maker Space](#)

This open area of the store will be home to the many classes the store now offers, such as soldering classes, drone classes and monthly training sessions on how to set up and use a cell phone.

[Citizen Tribune](#)

[APRStweet: Tweeting APRS packet information](#)

APRStweet is a light weight script that posts your location and a link to APRS.fi so that people can see your track and location on the map.

[KC8QCH](#)

[APRS telemetry dashboard](#)

Data is beautiful. With the FaradayRF Telemetry service you can track your High Altitude Balloon Telemetry in real-time.

[FaradayRF](#)

[The speed of light is not fast enough](#)

As illustrated by the Voyager spacecraft, the success of any radio system lies with the antennas.

[Microwaves&RF](#)

[Homemade digimode interface](#)

I decided to make another modem, a very simple one that uses the VOX in the FT817 for TX switching.

[PE4BAS](#)

[Man fined \\$15,000 for running illegal FM station](#)

Dudley was confronted twice last year for sending music through the airwaves on 103.9 FM.

[Setting the record straight on FM radio in iPhones](#)

Apple purposefully does not connect the antenna.

[National Association of Broadcasters](#)

[Squeeze Keying - Iambic mode operation](#)

Electronic keyers provide Iambic modes to allow for fewer strokes while keying, thus improving keying efficiency.

[Ham Radio QRP](#)

[WSJT-X and linear satellites](#)

Here we examine the effect of TLE age on the accuracy of the Doppler computation.

[desteveez.net](#)

[UT Amateur Radio Club looks to future](#)

The UT Amateur Radio Club started in 1947 in response to a rise in public interest in satellite and radio following the end of World War II.

[The Daily Beacon](#)
